

WASTE INVADERS

LETS GET IT SORTED QUIZ

Put a ring round pictures of the things we can recycle (overleaf).

Put a X through things we can't recycle

For discussion:

- See what everyone thinks.
- Many children might not realise that their apple cores can go into the compost bin, unless the school composts and the children are involved.
- The crisp packet, tea bags packet and the 'Mars' wrapper cannot be recycled because of what the type of materials. Foil and paper lined plastic wrappers is un-recyclable at the moment. We do not recycle the plastic food trays.
- Plastics are a problem because there are so many different kinds all with different properties.
